Growing Water Smart

The Sonoran Institute is offering two communities in Colorado technical assistance for one year to establish metrics to benchmark and track the impact of strategies that help the community grow more water smart. Town staff applied for this technical assistance. Bayfield and Fort Lupton, Colorado were the two communities chosen. Stay tuned for information on how the community can get involved in this process.

Bayfield Police Department

School is back in session. Bayfield Police have stepped up their traffic enforcement in school zones to promote a safe environment for students and parents. Drivers should plan for traffic delays during the morning drop off and afternoon pick-up times and leave 15 minutes earlier to avoid the stress of being late for work or appointments. The goal of our enforcement is for safety and to reduce accidents. Drive Safe!
